

REMARKS

Entry and consideration of the foregoing claim amendments and the following remarks are respectfully requested.

Claims 1-67 are pending. Claims 1-48, 55-58, and 61-63 have been withdrawn by Examiner as being drawn to a non-elected invention. Claims 59-60 and 64-67 have been cancelled without prejudice. Applicants reserve the right to prosecute the subject of the cancelled claims in another divisional or continuation application.

Claims 53 and 54 have been amended to more clearly define the claimed invention. Entry and consideration of the amended claims are respectfully requested.

Claims 64-67 stand rejected under 35 USC §112, first paragraph as allegedly containing subject matter which was not described due to lack of deposit information. These claims have been cancelled. Withdrawal of the rejection is respectfully requested.

Claims 59-60 stand objected to under 37 CFR 1.75 as allegedly a substantial duplicate of claims 53 and 54. Claims 59 and 60 have been canceled. Withdrawal of the objection is respectfully requested.

In re Application of: Ulrich et al.
Serial no. 10/620,242
